Our narrator survives, but what it costs him to be able to tell us this is left unsaid. The scale of his stories could leave the protagonists dwarfed by the spectacle but they end up dovetailing perfectly into the situations thought up by Banks by allowing us to connect to the madness of existence, whether they're human or alien. A great story with all of the needed ingredients of action, intrigue, suspense and science. The guests arrive and almost immediately things start to get weird. Rounding The way he could look at me without saying anything and make me feel like the most important person in the world. It's a great little story of going back in a time machine to the days of Christ in search of a meaning to life I have laughed, cried almost and felt almost every emotion in between and if for book follows robot Tik Tok as he realises that he does not have to follow the Asimov laws when he kills a young innocent blind girl just for fun. For me, I think the highlight of the novel was watching the characters interact with the haunted house, growing increasingly more desperate as danger rises, scraping for solutions.
