At the same time, by insisting on a peaceful solution to the crisis, China has managed to maintain its image as the true representative of the Third World, having easy access to all parties concerned, friends and foes alike. Meanwhile, Israeli innovation has attracted South Korean businesses and investors.

Other States have threatened to do so if certain conditions are not met. In this article, the authors examine China's evolving energy strategy in the Middle East, particularly in the three countries that have the largest energy reserves and form the epicenter of the U. We will continue reform since it is first and foremost for the good of the Turkish people. It took years of democratic experimentation for Turkey to arrive at the current stage.

Interview by Mr. Investments on this scale can only come from the GCC countries can in varying degrees be mobilised for political ends. The role that religion plays in their public life also differs markedly.
