That's why you really have to take precautions when going into bear country. The people I know that have relationships with grizzlies are animal trainers—for instance, Doug Seus, who trained Bart the Bear in Legends of the Fall and many other movies.

If needed, we can help you identify the attractant so it can be removed and offed. The bottom line is that habituated bears allow humans to get too close. Recommended Stories. Turn on a flashlight or lantern.

Pack out whatever you pack in: do not leave any organics behind—even though the bear does not leave and you cannot tolerate its presence, then trapping and moving the animal should be considered.
