The post-Cold War era witnessed the mushrooming of non-state actors in international life, from multinational financial institutions and corporations, who had been there for decades but who became the primary players in a rapidly emerging global economy, to non-governmental organizations of every description. New Report: Are we saving enough for retirement? Theneedtodevelopafurthercooperationbetweenthetiesforinternat Second, as these examples suggest, international law matters to a much wider range of actors. There are rules about how pieces move: players never actually leave the game, and each move generates a counter-response. They expand regulatory reach, allowing national government officials to keep up with corporations, civic organizations, and criminals. Theseincludethelawontheuseofforceand,giventhatmanyChineseinfrastr United States, by contrast, sends in soldiers and stealth bombers.
