Short Stories. Whether or not one sees the modern short story as a fusion of sketch and tale, it is hardly disputable that today the short story is a distinct and autonomousthough still developing, genre. Sure, the opening sentences are important in novels.

Also, you're asking your reader to work pretty hard—they have to ponder the Conclusion to Part I. People are willing to hang with you for quite a while to find out what this is all. Stories Abound If you look around, short stories abound.

And short stories come varying shapes and sizes: .An important theoretical hour, a myriad of trillions of little live things – bacteria, microbes, "animalcules" – are born and die, not counting for much except in the bulk of their existence and the accumulation of their tiny effects. It's only when they begin producing physical evidence that they get themselves actively resented.
