Even its most ardent religious leaders and Islamic-oriented politicians do not advocate violence or oppressive orthodoxy. Collectively, these chapters show how Turkish secularism and modernity can be explained by political and ideological competition shaped by historical and external factors rather than by a Manichean struggle between the forces of good and evil. On 9 February Turkey's parliament approved a constitutional amendment that lifted the ban on Islamic headscarves in universities.

On the other hand, the sultans were Muslims and the laws that bound them were based on the Sultanate of Rum Mongol invasions of Anatolia Ilkhanate. But with Turkey haunted by economic stagnation, scandals and weak leadership, the generals, who wield the real power, have had their hands full containing the popularity of a former Istanbul mayor who is trying to shed his fundamentalist background and wrap himself in a cloak of moderation.
